

## England Genealogy page in FamilySearch

[https://www.familysearch.org/wiki/en/England\\_Genealogy](https://www.familysearch.org/wiki/en/England_Genealogy)

### England Genealogy

[Europe](#) → [British Isles](#) → [United Kingdom](#) → [England](#)

Guide to **England ancestry, family history and genealogy**: parish registers, transcripts, census records, birth records, marriage records, and death records.

#### Country Information [\[edit\]](#) [\[edit source\]](#)

**England** is one of the four constituent countries of the [United Kingdom](#) (together with [Scotland](#), [Wales](#) and [Northern Ireland](#)). It has a history that goes back over a thousand years. In 1707, the Kingdom of England joined the [Kingdom of Scotland](#) in union to become the [Kingdom of Great Britain](#). The official language is English.<sup>[1]</sup>

#### Why England Historic Counties are Used [\[edit\]](#) [\[edit source\]](#)

The England counties listed below are based on historic boundaries pre-1974. The records dating before 1974 are located within the information found in the historic counties. This practice better assists our patrons who are researching their ancestors before the modern time period.

The FamilySearch website has an excellent reference page on [England Genealogy](#). This page is a research guide for England ancestry and is useful to both the beginner in England genealogy research as well as those with more knowledge and experience. The page is divided in sections to organize the material and links it contains to other webpages for specific topics. There are many different topics listed in the “**England Wiki Topics**” sidebar on the right side of the England Genealogy page (highlighted in red box on picture above). Some of the helpful links are shown below.

[Interactive England Jurisdiction Map 1851](#) [edit | edit source]

FamilySearch has an interactive map of the 1851 Jurisdictions of England. This map allows the user to choose a jurisdiction (such as a county, parish, or diocese) then choose different nearby jurisdictions (like hundred, rural deanery, or province) to see where vital records were housed. A table pops up showing what years parish registers exist, the names of other associated jurisdictions, and other similar search tools.

[Jurisdictions](#) [edit | edit source]

A jurisdiction is an area governed by a system of laws. Each jurisdiction has a geographic boundary with some type of authority (i.e., manor, parish, town, county). This authority has the power to apply and enforce the law. In England birth, marriage, death, census, and other genealogical records are organized and stored in different governmental levels such as
